NODAWAY FARMS HIT BY TWISTER

YOUNG TORNADO SATURDAY WRECKS SEVERAL BARNS.

9 INJURED AT ST. JOSEPH

Damage Estimated at $200,000 in South St. Joseph Wind Storm—All Injured Will Recover.

A strong wind with occasional characteristics of a cyclone hit Maryville and Nodaway County Saturday afternoon between 5:30 and 6 o'clock. It was accompanied by rain, which had been falling all afternoon. Quite a little damage was reported on different farms in the north and west parts of the county and many telephone lines were down. Considerable damage was reported on the farms of Walter Scott, L. M. Strader and Mrs. Dora Carr. J. R. Brink, weather observer, registered .52 of an inch rainfall with a minimum temperature of 20 degrees. This was quite a fall from the maximum temperature of 77 degrees Friday.

A good sized twister struck the farm of Walter Scott, formerly the W. T. Ramsey farm, four miles north of Maryville about 6 o'clock Saturday afternoon. A 20 by 40 foot hay barn was blown away, splintered and strewn about the farm. Part of the floor was even torn up. A chicken house was torn up and some trees uprooted. Mr. Scott was in Maryville at the time and when he returned home, discovered his barn and chicken house missing. Mrs. Scott was at home but thought it was only a strong wind with Colorado characteristics. In one side of a barn was found a large post driven straight through a board.

Half of the roof of a large hay barn was torn off and strewn about the lot on the farm of Mrs. Dora Carr four miles west of Maryville. W. J. Nicholas lives on the farm. No other damage was reported there.

Considerable damage was done to telephone wires in the north and west parts of the county. The Mutual Company estimates a damage of about $100 at the Leroy Johnson corner right north of town. The Bell Company has also reported much damage to its lines in the same vicinity.

On the L. M. Strader farm, thirteen miles northeast of town, the entire roof of a large barn was taken off and carried about forty rods, the shingles being carried and strewn the length of a forty acre plot. A. B. Strader was standing in the doorway of a hog house and saw the twister approaching from the southwest. He started to run east and narrowly escaped being struck by falling trees. Several large mulberry trees from six to eight inches in diameter were torn up by the roots or twisted off. Five large panels from a large wire fence were taken out.

Two or three peculiar things happened on the Strader farm. A gate and two panels from the fence near the hog house were taken off and have not been located yet. An inch splinter was blown straight in a solid board, and a shingle was blown into a wooden post. An unbroken pane of window glass, about 8 by 10 inches was found in the front yard and it is not known where it belongs.

A silo and several sheds were reported blown down on the farm of Hugh Thrasher southeast of Ravenwood, causing considerable damage.

St. Joseph, Mo., March 5.—The violent tornado which hit St. Joseph about 5:30 o'clock Saturday afternoon and tore across the city from the west cost property loss estimated at $200,000, but there will be no deaths.

The total of only nine injured, most of them not severely, was a marvel to thousands of persons who traced the path of the twister from the Collier-Adams manufacturing plant near the river for two miles across the hills to the eastern city limits.

The terrific force of the wind was apparent in many places, and in these places persons who were going about their usual tasks were almost all left untouched or barely scratched or bruised, while roofs and walls were torn away over their heads and around them.

Hurled Buildings About.

The shattered buildings were hurled against others, with force enough to batter them down or tear into their sides, but still the occupants escaped.

The vicinity of Patee Hall was badly torn up, and the region for a few blocks around Eighteenth and Messanie

Dr. J. D. Elliff of M. U. Is Inspecting M. H. S.

Elliff Is Inspector for North Central Association of College—Will Speak At C. of C. Luncheon

Dr. Joseph D. Elliff, of the university of Missouri is in Maryville today, inspecting the high school. He is inspector, for the North-Central association of colleges. The high school was dropped from the North-Central association last spring. Everyone is hoping that the school will make a favorable showing, so that it can be re-instated. It is a great advantage to a school and to the students, for the school to belong to the association. Students graduating from such a school do not have to take an entrance examination, if they enter a college outside of the state. Otherwise they would have to take such an examination.

Dr. Elliff will give a short talk at the Chamber of Commerce luncheon this evening.

UNION SERVICES FOR NEXT SUNDAY

MARYVILLE WELFARE WORK TO BE GENERAL THEME

BOARD NOW HAS DEFICIT

Special Music Planned for Meeting And Mayor Robinson Will Give Board's Report

A union meeting to be held next Sunday night at the First Christian Church that will have as its general theme the welfare work of Maryville, was announced today by the ministerial alliance.

A special program will be arranged to include special music by the college chorus under the direction of Charles R. Gardner, and vocal music under the direction of Luther A. Richman. Mayor Fred P. Robinson will present the report of the money expended by the welfare board and state needs of the board for the remainder of the year. The speaker for the evening has not yet been selected and the complete program will be announced later.

The board now has a deficit and needs considerable more money to run them over until next fall. Those interested in the work hope for a large crowd at the union meeting.

Miss Zora Sweney, an operator for the Hanamo Telephone Company, was taken to the St. Francis Hospital yesterday and operated upon at 9 o'clock today for appendicitis.

STARTS NEW TRUST CO., IN ST. JOSEPH

LOCAL PEOPLE AND INTERESTS INVOLVED IN DEAL

M'CLARY IS PRESIDENT

Central States Mortgage Co., and Bank of Buchanan County Merged Into Buchanan Co., Trust Co.

Local people and interests are involved in a new Trust Company in St. Joseph, known as the Buchanan County Trust Company, with $100,000 capital fully paid. The new company was chartered this morning to do a banking, trust company and farm loan business.

The new Trust Company in effect is the merging of the business of the Bank of Buchanan County and the business of the Central States Mortgage Company, both of St. Joseph. The Central States Mortgage Company was organized by the Gillam-Jackson Loan & Trust Company of this city some six or seven years ago to handle its Farm Loan business in northeast Kansas and in the Missouri territory east of St. Joseph.

Harvey C. McClary, Manager of the Central States Mortgage Company and also a Vice President, and one of the Directors of the Gillam-Jackson Loan & Trust Company, was made President of the new Buchanan County Trust Company. Orestes A. Mitchel, a prominent attorney of St. Joseph was made Vice President and Counsel; S. G. Gillam, President of the Gillam-Jackson Loan & Trust Company and of the Central States Mortgage Company, was also made a Vice President. Fred R. Wolfers, Vice President, and Joseph Jackson, Secretary of the Gillam-Jackson Loan & Trust Company, were elected Directors of the new Trust Company. George E. Heaton, the son of Ed Heaton, Vice President of the First National Bank of St. Joseph, was made Treasurer of the new Trust Company. Mr. Heaton married a niece of Mrs. James B. Robinson of this city. Harry F. Overbeck, Cashier and H. W. Pippert, Assistant Cashier of the former Bank of Buchanan County, were made Secretary and Assistant Secretary of the new Trust Company.

The new Trust Company starts out with a good banking business and a large volume of farm loan business under its control.

George Fred Davis Falls From Hayload

Fall Causes Concussion of Spine—Condition Reported a Little Better Today.

The condition of George Fred Davis, county administrator who was injured Friday, was reported some better today. While at his farm three miles east of Maryville, Mr. Davis fell off of a load of baled hay, on his head and shoulders. The fall caused concussion of the spine.

Mr. Davis is at his home on 216 East First street, having been taken there instead of to the St. Francis hospital.

Funeral Yesterday for Robert Wilmes

Funeral services for Robert Wilmes, who died Friday night at the home of his parents, Mr. and Mrs. Frank Wilmes, on North Main street, were held at 2:30 o'clock Sunday afternoon at St. Mary's Catholic Church. The Rev. Father Pius officiated. Burial was in St. Mary's cemetery.

Crowd Threatens Taxi Driver Who Kills Two

Chicago, March 5—Two unidentified persons, presumably man and wife, were killed by a taxicab driver here today, and was followed by a mob, who threatened to "panhandle" Nelson Cross, chauffeur. Scores of policemen were required to subdue the maddened throng which menanced Cross.

Sues for Damages

A suit filed today was by Delia Allen against John W. New for $100 damages and $30 a month rent. The petition states the defendant unlawfully entered premises belonging to the plaintiff. In addition to the damages and rent, plaintiff is also asking for recovery of premises.

Mrs. Dora Martin who has been visiting Mr. and Mrs. G. E. Lippman in St. Louis returned home Saturday evening.

Fire at Dr. Person's Does $500 Damage

Blaze Started About 2:30 o'Clock Yesterday Afternoon—Firemen Did Good Work

About $500 damages was done by a fire Sunday afternoon to the roof of the house on West First street occupied by Dr. R. C. Person. The fire was discovered by Fred Miller, who lives across the street from Dr. Person. The fire was discovered about 2:40 o'clock. Dr. Person stated his his furnace fire was about out and he had just started it again. No cause was known for the fire as Fire Chief Rowley said the flue was in good condition and that it apparently started up in the attic. Fred Kurtz, the owner of the property, sent $10 to the fire department today. This money will go to the firemans' fund.

MARSHALL IS NAMED ACTING POSTMASTER

ST. JOSEPH POLITICAL ROW ENDED TEMPORARILY

SENATE FAILED TO ACT

Did Not Confirm Marshall's Name Before Adjournment—Another Victory for Faust

Washington, March 5—Eliot Marshall was this afternoon named acting postmaster of St. Joseph, Mo., at the request of Congressman C. L. Faust.

The action taken was one of the first official acts of the new Postmaster-General, Harry S. New. Marshall is being notified by telegraph and a letter of authority will be forwarded soon.

When Congress reconvenes in December, Representative Faust will again request that Marshall be formally nominated for this position.

Washington, March 5. — Notable among the nominations the senate did not confirm before adjourning was that of Eliot Marshall for postmaster at St. Joseph. This leaves unsettled a fight that caused a rift in Buchanan County Republican circles. Senator Spencer, who backed C. D. Morris, blocked the confirming of Marshall, who was recommended by Representative Faust.

Monday's St. Joseph Gazette had the following:

The postmastership battle ground apparently has been entirely transferred to Washington, and the opinions expressed in political quarters here Friday were to the effect that Elliot Marshall, the former mayor, will not be the next postmaster. The revelations of alleged misrepresentation in behalf of Mr. Marshall, while they did not effect any change in Representative Faust's attitude, are said to have received attention in other quarters at Washington, and it was believed that his appointment would not go through under the circumstances.

J. A. Spurling Funeral Will be Held Tomorrow

Funeral services for Jonas Spurling, who died at 8:30 o'clock Saturday night, were held at 2 o'clock this afternoon at the home, two and a half miles southeast of Graham. The Rev. W. C. Francisco, pastor of the Graham Methodist Church, officiated. Burial was in the I. O. O. F. cemetery

Mr. Spurling was 67 years old and was an old resident of the Graham vicinity. His death followed an extended illness of heart disease. His widow and two children, James Spurling and Miss Nettie Spurling, at home, survive.

TWENTY-FIVE INJURED IN GEORGIA RAILROAD WRECK.

Columbus, Ga., March 5.—Twenty-five persons were injured at Mazell, Ga., when the Central Georgian train from Macon to Birmingham, Alabama, was wrecked today.

One first class coach and one pullman were turned over. Thirteen of the injured were from Columbus and Fort Beening, near here.

A wrecking crew from Macon was rushed to the scene and in less than thirty-five minutes had cleaned up the wreckage. The fireman stated that he thought the accident was due to a broken rail.

Mrs. Leeper Ill

Mrs. Gay Leeper has been ill of flu since Friday at her home on East Edwards street.

HOSPITAL EXPERT TO VISIT MARYVILLE

FATHER MOULINIER OF MILWAUKEE WILL COME NEXT MONDAY

WILL ADDRESS C. OF C.

He Is President of Catholic Hospitals Of U. S. and Canada—Will Visit Hospital Here

The Rev. Father Moulinier of Milwaukee, president of the Catholic hospitals of the United States and Canada, will be in Maryville next Monday upon invitation of the management of the St. Francis Hospital and in the evening will speak at the Chamber of Commerce luncheon upon the subject of "What a Modern Hospital Means to a Community."

When the invitation was first extended to Father Moulinier to come to Maryville he replied that he would be unable to come, but upon further consideration accepted the invitation saying that he was anxious to see Maryville and the hospital here to learn more about the situation that made it possible for such a small town to have and maintain a standard hospital. He intends to use Maryville and the hospital here as an example of what may be accomplished in a small town, in his talks over the country.

He is hospital organizer of exceptional ability and one of the best orators in the country. He is one of the seven members of the committee of hospital organizers that travel over the country under the auspices of the American College of Surgery.

Father Moulinier was influential in securing standardization for the hospital here and it is quite an honor as there are only three hospitals under a hundred beds in the state outside of St. Louis and Kansas City that are standardized. The other two are located at Joplin and Jefferson City. It is the only standardized hospital north of the Missouri River.

Next Monday afternoon he will meet with the St. Francis Hospital management, sisters and nurses. Later in the afternoon the doctors of the county will be invited in to meet him, and at 6:30 o'clock he will go to the Chamber of Commerce luncheon. The general public is invited to attend the luncheon. It is thought probably that the luncheon will be held in the dining room of the new residence hall of the College.

307 Enroll for the S. T. C. Spring Term

More Will Enroll Before Week Is Over and Prospects Good for Record.

At 3:30 o'clock this afternoon 307 students had paid their incidental fees for the spring term at the State Teachers College, which began today. This is a good start on the enrollment which usually drags out over the first week of each term.

If the average keeps up the total number of students for the spring term should exceed the total of 550 for the winter term just passed.

Should almost all of the students in school last quarter enroll again this spring the number of students will be larger because there are a great many strange faces at the College today.

The enrollment is being carried on in practically the same manner as in the past. The incidental fee of $10 is first paid and then the students make out their enrollment cards and slips and after these are signed they are presented with the receipt for the fees at the registrar's office and the student is placed on the roll.

At noon the number of students that had paid their incidental fee was 210. Shortly after dinner a rush began and the added number paid their fees.

The grades for the past quarter will not be issued until next Monday. With so many examination papers it was impossible for the instructors to get their grades made out by today.

It is hard to state just what courses are receiving the most attention this quarter, but from indications it would seem that the Department of English will lead the list as usual.

The class in journalism will be somewhat larger this quarter. A number of additional students have signed up for it in addition to practically all who took it last quarter.

The College paper, the Green and White Courier, will be published as usual by the class and Miss Beatrix Winn will take over the teaching of the course.

Kansas City Theatre Robbed of $10,000

Unmasked Bandit Escapes with Receipts of Saturday and Sunday's Business

Kansas City, March 5—Police today are searching for a dapper youth, who held up a moving picture theatre here last night and made away with $10,000, the receipts of Saturday and Sunday's business, after compelling the manager of the theatre to open the safe and get the money while five other employees were held at bay with a revolver.

The unmasked bandit compelled one of the employees to carry the money to a waiting taxicab and to accompany him on a ride around the city.

PRESIDENT TAKES 1ST REST IN YEAR

HAS BEEN AT WORK CONTINUALLY FOR 12 MONTHS

MANY IN THE PARTY

Itinerary to Include Railroad and Steamboat Trip for Four Weeks

Washington, March 5—With Congress adjourned and attendant worries of it off hands, virtually for the first time since he entered the White House, President Harding left today for his first real vacation in twelve months. Incidentally his departure makes his first absence from Washington since his return from a flying trip to Marion, Ohio, last July.

The strain of the twelve months' grind has told on the President. He appeared tired preparatory to his leave today. There were lines in his face that were not there a year ago; the light freshness in his bearing that was so noticably two years ago today, when he took on the heavy duties of President, was gone.

The Harding special was nicknamed, "The Convalesence Special," as it pulled out of Union Station. Mrs. Harding, who is now in the final stages of recovery from her near fatal illness of the past six months, was there together with Attorney-General Harry A. Daughtery, who has not been at his desk for some weeks, Secretary of War, John W. Weeks and Mrs. Weeks, Secretary of Labor John J. Davis, A. D. Lasker, chairman of the shipping board Senator Joseph S. Frelinghuysen, Judge John Barton Payne, Jess Smith of Ohio, Dr. C. E. Sawyers, Secretary Christian, and the usual number of secret operatives and correspondents.

The Harding special will go direct to Ormund, where the party will board the luxurious houseboat, Pioneer, for an indeterminate trip down the Indian river, their ultimate destination being Miama and Palm Beach. Their train will arrive at Ormund Tuesday noon. Stops will be made on the east coast of Florida for golf. The itinerary of the trip will depend entirely upon the wishes of President and Mrs. Harding. The party plans to be gone about four weeks although this will depend upon how well Mrs. Harding stands traveling. She left the White House this morning, the first time since last September.

The Harding special pulled out of the Union station at 12:05 p. m.

Allison Preaches at Maitland Last Night

Musical Numbers Were Given by L. A. Richman and Emery Airy—Church is Remodeled

The Rev. S. P. Allison, pastor of the Presbyterian Church here, went to Maitland last night where he conducted the evening services at the Presbyterian Church. L. A. Richman and Emery Airy, accompanied Mr. Allison there and gave a duet and two vocal numbers. The Maitland church has just recently been redecorated and remodeled. They have no pastor at the present time but expect to call one soon.

Forty-Five Years Ago.

The following is taken from the Looking Backward Column of the St. Joseph Gazette:

The Republican at Maryville issued a daily newspaper during the Methodist conference. Judge Ira K. Alderman and S. G. Brock were the editors.

We read the other day that squirtless grape fruit had at last been produced. More joy taken out of life.

GERMANY TO SEVER FRENCH RELATION

ACCORDING TO A MATIN STORY TODAY

WON'T TALK REPARATION

Germany Refuse sto Deliver Fertilizer to France and Belgium While Ruhr Is Occupied

Paris, March 5.—Chancellor Wilhelm Cuno of Germany will announce to the Reichstag tomorrow his intentions of breaking diplomatic relations with France, a Rhineland report printed by the Matin, said today.

Berlin, March 5.—Germany's decision not to conduct any reparation negotiations with France and Belgium, nor to pay any reparations during the occupation of the Ruhr, was formally put into effect today.

In answer to the inter-allied reparation commission's demand, Germany refused to deliver fertilizer to the French and Belgians. The German government announced that they would even refuse to discuss reparations with France and Belgium so long as the Ruhr was occupied.

However, negotiations are in progress with Italy as no troops were sent to assist the Franco-Belgian forces in the new territorial seizures.

New and Work are Sworn in Cabinet

Former Indiana Senator Becomes Secretary of Interior and Dr. Work Becomes P. O. Head

Washington, March 5.—Former Senator Harry S. New of Indiana, was sworn in at 10:03 o'clock this morning as Postmaster-General to succeed Dr. Hubert Work of Colorado, whom President Harding has transferred to the Interior Department.

The oath was administered at the Postoffice Department by William M. Mooney, chief clerk of the department. Among those present were George B. Christian, Jr., secretary to President Harding, A. B. Lasker, chairman of the shipping board, and a number of the new postmaster-general's personal and political friends. After congratulating the new Postmaster-General, Dr. Work left immediately for the Interior Department to assume his duties there. He was given the oath at 10:30 o'clock by W. B. Acker, an attorney for the department. Dr. Work succeeds Albert B. Fall of New Mexico, who resigned.

"Human Fly" Falls 8 Floors to Death

Gruesome Accident Occurs While Thousands of New Yorkers Look on Horrified.

New York, March 5.—In the presence of thousands of horrified men and women at noon today a "human fly," believed to be Harry F. Young, crashed to his death while trying to climb the wall of the Martinique Hotel.

The "human fly" dressed in white, so his body would stand out in relief against the wall of the building, began at the street to slowly work his way upward. It was lunch hour and thousands of persons gathered to watch the stunt.

Slowly upward climbed the "human fly," pausing occasionally to glance down into the faces of the vast throng with a smile of confidence upon his face. Out in the street traffic was jammed with thousands of thrilled onlookers.

When he had climbed eight and a half stories he seemed troubled and gropped with his feet, and his knees seemed to wobble. The "fly" looked downward but there was no smile on his face. Slowly and with intense effort he started for the nearest window. His body clung loosely to the slippery wall as he clutched feebly for support. A cry of horror went up from the crowd as he let go and his body turned over and over hitting the pavement and bouncing three feet into the air.

A surgeon said that bones were broken all over his body and that death must have been instantaneous. Women fainted in watching the gruesome spectacle and police reserves were called to clear the streets.

Young was engaged in a moving picture stunt when he was killed.

FATHER FLANAGAN'S BOYS HOME UNIQUE

BOYS' MINSTRELS WILL BE TUESDAY

1498 BOYS CARED FOR

Omaha Home Is Non-Sectarian and National in Scope—Operated By Popular Subscription

The home from which Father Flanagan's Boys come, the ones who will give two performances here Tuesday at the Empire is one of the most unique institutions in the United States. Father Flanagan's Home, which is national in scope and nonsectarian in policy, has a record of having cared for 1498 boys up to the present time. Out of this number 460 have been catholics, 983 non-catholics, and 55 Jewish. The boys have been of twenty-two different nationalities and have come from eighteen different states. They have received 1,115 from charity, 359 of the boys from court, and 24, "tagged" that is boys sent to them by rail, tagged to the home by parents and others interested in the boy. Father Flanagan says that it costs less to support a boy in the Home than in a juvenile prison. "Which is better for the boy," he asks, "For you, and for America?" Father Flanagan's Home and farm for the boys is operated by popular subscription.

The following is the program the boys will give here Tuesday at the Empire. No admission will be charged but a silver offering will be taken. A matinee will be given for the children in the afternoon and the night performance will be for adults only.

TAKE 20 NAMES IN A CRAP GAME RAID.

A raid on an alleged crap game in a box car on the Y between the Burlington and Wabash tracks was made yesterday afternoon about 5 o'clock by Officers Ed Wallace, John Porter and E. E. Tilton. The boys and men in the box car saw the officers approaching and ran as fast as they could. The officers were able to get about twenty names. No arrest was made and it was said today probably no action will be taken as it is understood while the officers suspected a crap game, they have no positive evidence along that line. It is understood complaints have been made for some time there were crap games in the Burlington yards every Sunday.

Mrs. F. A. Bush, who has been ill of flu at her home on South Main street, was able to be down town today.

NODAWAY FARMS HIT BY TWISTER

streets was badly battered.

Little cottages were smashed to kindling. Here and there, as the tornado traveled on toward the open country—and all of this area is closely built—the funnel would dip and tear out a huge tree by its roots or pick up a barn or garage and scatter it in bits over the neighborhood and not touch anything else.

The Injured

Persons in the vicinity of the Union station said that they saw the funnel-shaped cloud sweep down from the southwest, then lift to cross the river, hit the Collier-Adams building at Fourth street and Mitchell avenue, and continue its way eastward.

The final check of the injured today shows:

D. F. Estes, Burlington flagman, in hospital; bruises.

Mildred and Milton Taylor, 2-month-old negro twins, fractured skulls; will recover.

Mrs. E. Taylor, their mother, cut on leg.

Louis Shannon, cut on arm.

Leo Frankens, severe bruises.

D. F. Salmons, shock.

Roy Stites, bruises and cuts.

George F. Wilderman, bruises; in hospital.

A System of Farming That Brings Health and Prosperity

Every farm, regardless of the method of farming practiced or of the crops raised, should have at least a few good milch cows to provide

(1) Enough milk, cream and butter for home use;
(2) Enough skim-milk to raise some calves, pigs and chickens;
(3) Enough cream or butter to sell to pay, in part or entirely, current living expenses.

This plan has been a "life-saver" for thousands of farmers, especially during the hard times of the past two years. It insures a living, at least, and often other income besides.

Such a plan pays best with a De Laval Cream Separator. It soon pays for itself—and skims cleaner, lasts longer and is easier to operate and clean than any other.

Track And Baseball Men At State Teachers College Start The Season's Work-Outs Today

Rather chilly for track but nevertheless a score of men were today working out at the State Teachers College, getting into shape for the season that is about to begin. Of course the weather would not permit outdoor work but the old running track in the College gymnasium was given a deal of attention today and the steady plunk of the runners feet could be heard for about two hours.

The field men were also out in force and a pair of standards and some mats served as apparatus for the jumpers while the weight men were limbering up with the dumb bells and indian clubs.

With a series of three dula meets not so far off Coach Maynor will have to work his men overtime to get them in shape. His greatest trouble will be with his middle distance and distance men. However some of these men have been working off the surplus flesh for the past week.

Maynors team should be more than usually strong in the middle distances this year. In the quarter he has three men already enrolled and a possible fourth on the way. Smith and Davenport, the well known pair of former Maryville High School 440 men are both in school as is Barry, former M. H. S. man. All three of these men are capable of running a nice quarter and it is possible that all will be stepping it around 53 and maybe 52 seconds before the season is over.

Beaver, a quarter man of last year, will probably be in school within the week and he would fit in nicely with the other three to make a fast mile relay team.

Dick Runyan, a letter man of last year, will not be in school this Spring. His father was injured in an automobile accident some time ago and Runyan will not be able to leave home this quarter. He was also a 440 man and his absence from the squad will be felt keenly.

But then it is a little early to begin to count the chickens because the old hen hasn't been enticed to the nest yet so dope will have to come later in the season.

The three dual meets will be with Tarkio, Missouri Wesleyan and William Jewell. The first two will be held in Maryville.

A number of aspirants for the baseball nine were also out today and the balls flew thick and fast for a while.

In this sport also Maynor should have a winning team as the material is good and there is a wealth of it. With two and probably three pitchers his hurling staff will be strong and the other places on the team will be heartily contested for.

Baseball is a new sport at the College this year. Years ago the game was played but for several years it has been left out of the sport menu. In the last year that the game was played the Bearcats won the championship of the M. I. A. A. It is now up to them to repeat the performance.

Eight intercollegiate games have been scheduled and probably two more will be on the schedule before the season is far gone. The schools to be played are Tarkio, Missouri Wesleyan, Missouri Valley and William Jewell. The other two games will likely be with Central College of Fayette.

WHAT'S YOUR OPINION?

A number of sport fans in Maryville have been voicing their opinion concerning the probability of Maryville winning the boys basketball tournament to be held at the State Teachers College next week. Any such opinions will be printed in the Democrat-Forum's sport page if they are sent in to the office.

The interest in the tourney is rapidly increasing and some good opinions have been voiced on the subject. A number of followers of the game have been studying the other teams of the district and have formed pretty definite opinions concerning the strength of all of the teams to enter the tournament.

Send in your views on the subject.

It looks to us that a lot of people, who claim they are looking for work, are afraid they will find it.

All-Valley Teams in Monday's Forum

Selection Now Being Made by Coaches, Officials and Leading Sport Writers of Conference

The names of the players on the mythical all-Missouri Valley basketball quintets, both first and second, will appear in next Monday's Democrat-Forum. These teams ar selected by a consensus of opinion of leading officials, sports writers and coaches in the Valley.

Each year it is the custom to select an all conference team and the above mentioned men are now working on the selection.

To Widen Corner Near Country Club Grounds

The corner north and east of the Maryville Country Club is to be widened as well as the road near the culvert on the road to the grounds. N Sisson, owner of the property east of the country club, has agreed to give forty feet east and forty feet south for the furpose of widening the corner.

No more Rheumatism

"Suffering has gone from your face, mother!"
S. S. S. Is the Great Builder of Red Blood-Cells and Rheumatism Must Go! Just Try It!
"Rheumatism? Me? No, indeed, it's all gone, every bit of it! It's sunshine and joy for me now for the first time in years. I feel a wonderful glory again in the free motion I used to have when my days were younger. I look at my hand and think of the twists and swellings they used to have. I bend way over to the floor. I haven't been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun of joy and liberty. Brothers and sisters in misery do not close your eyes and think the health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you." There is a reason why S. S. S. will help you. When you increase the number of your red-blood cells the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S. S. S. is the great blood-cleanser, blood-builder system strengthener, nerve invigorator. It stops skin eruptions, too, pimples, blackheads, acne, boils, eczema. It builds up run down, tired men and women, beautifies complexions, makes the flesh firmer. Start S. S. S. today. It is sold at all druggists in two sizes. Announce Grapplers In Next American Legion Mat Card

NAME MEN IN NEXT LEGION MAT CARD

DAVIS AND WHOLF, CHAMPS, TO MEET

MAYNOR TO OFFICIATE

Plan to Secure Professional to Demonstrate Holds for the Benefit of Some of the Fans

The wrestlers who will appear in the second wrestling show of the local post, American Legion, to be held a week from tonight, have been definitely selected. Dick Wholf, the middleweight champion of Missouri who wrestled here a week ago, will meet Vernon Davis, the middleweight champion of Kansas, in a two out of three fall match.

A wire from Davis was received last night by the Maryville Legion promoters in which he stated that he would come to Maryville for the match.

One or two preliminaries will be planned for the completion of the card. An effort is being made to bring together some new talent in the curtain raisers and to give the fans an exhibition for their money.

An effort is also being made to secure some professional grappler to appear before the bout to demonstrate the different holds of the game so that the less informed fans will know what holds the men are using while they are using them.

Davis hails from Paola, Kansas and Wholf comes from Kansas City. The former weighs in at 160 and Wholf tips the scales at four pounds more.

Since both men are champions of their respective states the match should be a good one. Already a number of calls have been received by the promoters and a good crowd is assured. As in the other match the ringside seats will be reserved. They will go on sale the latter part of this week.

Coach E. A. Maynor of the State Teachers College will referee the main match and also will officiate in the preliminaries.

Providing the match Monday night is a success and pleases the fans the legionnaires are planning to promote another, two weeks later. This will continue all through the season.

It is likely that the loser of the match next Monday night will be matched with Roger Giha of Independence in one of the later matches. It will be remembered that it was Giha who threw Wholf one fall out of three in the match last week. With him as one of the participants the Legion boys should draw a large crowd as the Syrian gained the favor of the local fans by his game exhibition in the match with Wholf.

The picturesque green celluloid eye shade does not seem to be in favor among local office workers any more. Afraid of explosions when they light their cigarettes one dealer explains.

"Short Pass Is Best But Not Against All Types Of Teams" Says Maynor's Second Article

Below is printed the second of a series of articles by Coach E. A Maynor of the State Teachers College on the basketball season which his team of Bearcats has just completed The first article, on Maryville as a basketball town, was printed on the sport page of Saturday's paper.

Article No. 2—Pros and Cons of the Season.
By E. A. Maynor.

To begin with, the prospects for a winning team at the College looked exceedingly good. In addition to five letter men from last years team, Miller, Leech, Blomfield, Brown, Ellis and Egley were available and with this assortment of material, with a reasonable amount of luck, it looked like a winning team was a foregone conclusion.

However, the thorn in the rose began to exert itself presently. Leech sprained his knee, Egley's toe was mashed and Miller's shoulder started giving him trouble. None of the three fully recovered from these injuries and this, more than anything else, weakened the Bearcats.

This, nevertheless, was not our greatest handicap to begin with. Each man on the team had an individual style of basketball firmly implanted in him and he was not open to suggestions for he had seen his system tried out and worked splendidly.

On the other hand I undertook to school them in a four man offense with the short bounce pass, and a five man defense lined up slightly back of center. This, in my opinion, lost at least three games for us; namely William Jewell, Culver-Stockton and Springfield. If we had employed the long pass instead of the short one it is my opinion that we would unquestionably have won these three games, and for their loss no one can be blamed except the coach.

It should, perhaps, be stated that it takes long, patient training to perfect the short pass, while the long pass game can be mastered in a comparatively short time. However, the long pass is absolutely ineffective against the five man defense, whereas there is no defense that can break up the short pass once it is thoroughly mastered by a team.

Had we started practice November 1, instead of January 2, we would have perfected our system to such a point that our standing at present would have been considerably better than it is. Accordingly I have resolved that the basketball squad for next year shall be picked not later than November 1 and that the five man defense and the four man offense with the short pass are going to be perfected to such an extent that long shots will be eliminated.

TOURNEY ENTRIES CLOSE AT 6 TODAY

24 GIRLS' TEAMS HAD ENTERED AT NOON TODAY.

27 BOYS TEAMS ARE IN

Letter From College Today Gives Final Instructions to Coaches in Regard to Girls' Meet.

At noon today twenty-four teams had entered in the Northwest Missouri basketball tournament to be held at the State Teachers College Friday and Saturday of this week. Twenty-seven teams had entered in the high school boys tourney to be held at the College a week later.

The teams have been divided into Classes A and B, according to the enrollment of the school they represent. These two classes will play in a tournament apart from each other. The class B teams will play in the east gymnasium and the class A teams in the west gymnasium.

Final instructions concerning the girls' tournament were sent out to the different schools in a letter from the College today.

The entries for the tourney close at 6 o'clock today. All letters bearing a later post mark will be discarded.

On Friday evening at 6:30 the college girls will serve a banquet to the visiting girls. A hygienic and suitable menu will be prepared bearing in mind that the girls are players.

All teams must be present in the east gymnasium at 8 o'clock a. m. Friday, March 9, to draw for positions as teams will be matched by lottery at that time. The first game will be played at 9 o'clock.

Referees will be assigned games before tournament and no changes will be made except in case of absolute necessity.

Each team must pay its own transportation. The College will provide room and board for a team of nine girls and one faculty representative from each school, provided all meals are taken at the college cafeteria on tickets furnished by the entertainment committee and provided all lodging is at the place assigned by the entertainment committee. The coach will pay for lodging of team if assigned to a place outside the residence hall, and take a receipted bill for the same. He will then present the bill to the Registrar of the College and get refund for the same up to the time the first train is out after the team is eliminated. All girls are expected to remain over for the banquet Friday evening.

Any schools which have sent in list of more than nine girls or seven boys will be required to submit a list on morning of tournament of not to exceed nine girls and seven boys from the list previously sent in and no others will be allowed to substitute.

The following schools had entered for the tournament up to noon today. Others will likely enter today.

Class A: (Girls)—Trenton, Albany, Mound City, Tarkio, Richmond, Cameron, Bethany, Maryville.

Class A: (Boys)—Mound City, Cameron, Lafayette, Benton, Bethany and Maryville.

Class B: (Girls)—McFall, Oregon, Westboro, Laredo, Converse, Grayson, Rosendale, Gower Parnell Skidmore, Hopkins, Union Star, Ravenwood, New point, Craig and Smithville.

Class B: (Boys)—McFall, Oregon, Pickering, Rock Port, Sheridan, Barnard, New Hampton, Westboro, Galt, Rosendale Mount Moriah Gower, Parnell, Skidmore, Breckenridge, Jameson, Hopkins, Easton New Point and Smithville.

The officials for the tourney have not yet been selected. This choice has been left to President Lamkin of the College and he will likely make it within the next day or so.

It often happens that the son who thinks he knows more than his dad does know more.

Announcement
Kuchs Brothers
Have secured Mrs. Bertha Wheeldon, an artist employed by the Dennison Manufacturing Company, to demonstrate and teach the art of making artificial flowers, baskets, vases, party favors, dresses, hats, wax-work, woven baskets and many other beautiful articles for gifts, decoration and ornamentation.
The date on which Mrs. Wheeldon will begin her classes will be announced Tomorrow.
The people of Maryville and Nodaway County are cordially invited to become members of Mrs. Wheeldon's classes, and to learn how to make beautiful things—really artistic—from the many comparatively inexpensive materials.

Denver Girl Shoots and Kills an Urgent Suitor

Denver, Colo., March 5.—Miss Bessie Thomas, 21, exceptionally pretty, occupies a cell in the city jail here today, while Al Cornish, 32, a suitor, lies dead in the morgue, with a revolver shot in his breast, as a result of Miss Thomas shooting him late last night.

"Yes, I shot him, I hope he dies," she said to the police captain shortly after the arrest. "As I left my hotel last night to get a cup of coffee, he stopped me, began to abuse me and called me all sorts of vile names.

"I drew a revolver and shot him. I don't know whether I fired once or twice." It is said that Cornish had beaten Miss Thomas on previous occasions.

Government Officials Summoned as Witnesses

Alexandria, Va., March 5.—Summons were issued today from the United States Circuit Court of Appeals for Attorney-General Harry A. Daugherty, Chairman Lasker of the shipping board, and former Secretary of the Interior John Barton Payne to appear Wednesday as witnesses in the case of Charles Morse, New York shipbuilder, who is charged with defrauding the government in the sale of surplus war supplies.

Many Visitors Attend High S. Chautauqua

The last chautauqua program was presented at the high school this morning. A number of visitors were at the assembly to hear the program, which was enjoyed by all those present. The program consisted of selections by the high school chorus, girls' glee club, boys' quartette, and high school orchestra. The following solos were also given: Violin solo, Margaret Louise Hosmer; cello solo, Lucile Gaugh, and some vocal solos by Laverne Robey. The program was given in Saturday's Democrat-Forum.

The next big event in the lives of the high school musicians, is the spring music contest at the College.

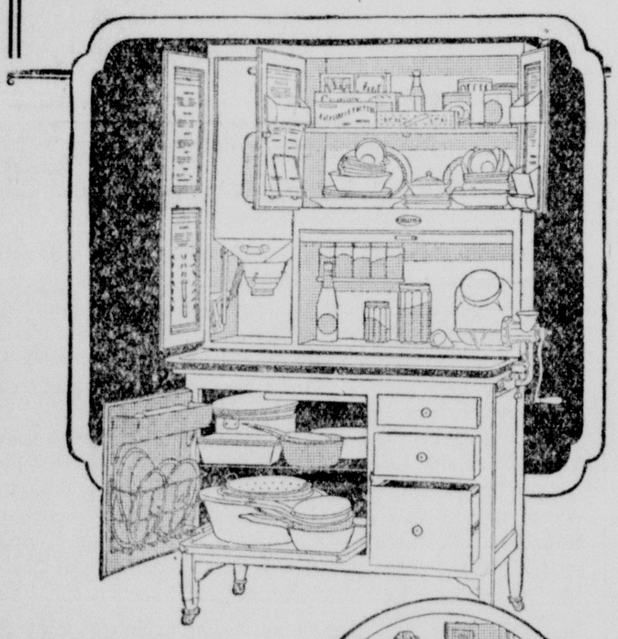
"GET TO KNOW US"

Your Neighbor with the Laughing Eyes---



You may not recall her but you have met her just the same.

Her eyes are always laughing—always ready to smilingly greet her husband and children—always making light of kitchen work that is drudgery to others.

She is loved and envied by everybody.

Perhaps you will say it is because fortune has smiled upon her; because she has health and beauty, and a husband with a princely income. But this is not true. More often she is a woman with an average home and an average income.

Her secret is really not a secret at all. Thousands of women know it. You will find it in her modern kitchen—her work shop. The dreaded bugbear of long hours of laborious work has no place in this beautiful room. She has modern appliances. She does her work systematically—quickly—happily. A few hours and it is finished.

In the place of honor stands the beautiful white Sellers Kitchen Cabinet. It is the center of all her operations—the time-saver and work-saver upon which she depends in everything she does.

Why has she chosen the Sellers? For the same reason that thousands of other women prefer it. For the same reason that you will select it—because it is a kitchen cabinet made through years of experience to meet your needs—with features that are necessary to save time and work.

In all, there are Fifteen Famous Features in the Sellers, each and every one of which has a definite part to play in making kitchen work easy. In no other cabinet are these features combined.

Everywhere women know the advantages of the Automatic Lowering Flour Bin; the Automatic Base Shelf Extender; the Automatic Extending Table Drawer Section; the Sanitary Porceliron Work Table; the Silverware Drawer; the Ant-Proof Casters, to say nothing of such things as the Non-Sagging and Non-Sticking Drawers—the Invisible Dust-Proof Base Top, Dovetail Construction, Sanitary Leg Base and many others.

Is your kitchen work beginning to tell upon you? Are you needlessly tired when evening comes? Why not let this beautiful and practical Sellers do some of the work for you?

In sparkling, sanitary, white enamel or in the beautiful, golden oak, hand-rubbed finish, it costs no more than any good cabinet.

See us today. Have us show you and demonstrate for you the many features we have described.

With Famous SELLERS Features

Including the Automatic Lowering Flour Bin; Ant-Proof Casters; Automatic Base Shelf Extender; Oil Hand-Rubbed Finish; Dovetail Joints; Porceliron Work Table; Sanitary Construction; Patented Drawer Construction; Patented Gravity Catch; Noiseless Metal Bread Box; Roller-Bearing Extension Table Top; All-Metal Flour Bin; Nickel-Plated Hinges; Patented Egg Timer; White Enamel Interior; Crystal Spice Jars; Sanitary Leg Base.

The Only Automatic Lowering Flour Bin—comes down level with the work table. Filled with ease. Saves heavy lifting and dangerous climbing.

Have a Kitchen That Keeps You Young

Decide that you will stop being one of that great army of tired home-keepers. Decide that you will have a Sellers—the cabinet that puts everything at your fingers' ends. A Sellers not only influences your working hours, but your health, beauty and happiness as well. It is the easy way—the "restful" way in kitchen work.
